

## Large-Particle Aerosol Generator

Model 8108:RO-8108

Standard maintenance and calibration service for the Large-particle Aerosol Generator Model 8108 consists of these procedures:

- 1) Review written instructions or explanation of problem from customer
- 2) Initial inspection
- 3) Update manual as necessary
- 4) Clean aerosol generator and charger
- 5) Inspect and replace as needed: corona needles, filters, tubing, and O-rings
- 6) Final electrical checkout and performance verification

Standard service includes minor repairs and replacement parts. Major repairs and replacement parts will be charged for parts and labor. TSI will contact the customer for approval before making any major repairs.

Turnaround time for standard service is approximately two weeks after receipt of the instrument. TSI service work is backed by a 90 day service warranty.
